A 4x4 grid with diagonal lines. The lines connect the corners of the grid, creating a pattern of squares and triangles. The lines are drawn in a way that they intersect at the center of the grid.		
A complex geometric pattern of overlapping squares and rectangles. The pattern is composed of several interlocking shapes that form a larger, irregular shape.		
A square divided into four triangles by diagonal lines. The lines connect the corners of the square, creating four triangles that meet at the center.
